

Siemens M1 Dental Chair

The most popular dental chair in Germany. The chair has been produced by Siemens and is made in Germany. The chair is no longer available as new. We can supply refurbished Siemens M1 dental chairs from Germany. The chairs have been completely dismantled, cleaned, repaired, wearing parts exchanged and tested. This is a solid, long-lasting, dental chair. Spare parts for this chair are available and can be supplied.

The quality of this refurbished dental chair is higher than most new dental chairs!
